7. [redacted] Met with Mr. Peter A. Gerardi, Technical Consultant, House Science and Astronautics Committee, concerning the staff study he had been directed to initiate on foreign space efforts. I showed him our response to Chairman Teague's request that the Agency designate someone to work with Mr. Gerardi on this matter. Mr. Gerardi said the letter was fine. I indicated that it would be helpful if he could outline the specific areas of assistance he felt we could supply and he did this. See memorandum for the record.

10. [redacted] Met with Mr. John Martiny, Counsel, House Committee on Post Office and Civil Service, to determine the status of H.R. 8424, the Administration's proposal for severance pay. Mr. Martiny indicated that the matter had been considered by the Committee but that the present thinking is that it will not be reported out as a separate bill but will be included in the Pay Bill as an amendment. He could not give me what would be the timing on reporting out of the Pay Bill at this time.
